

HIDDEN VALLEY ELEMENTARY SCHOOL

Voluntary Contributions | 2022-2023

Voluntary contributions from Hidden Valley families provide funding for supplies and activities not otherwise covered through state or district funding. These include basic classroom supplies, funding for class parties, staff gifts, field trips, and more. This sheet summarizes the suggested contributions for the school year to help cover these gaps. Contributions are strictly voluntary – no student will be prevented from participating in any school experience due to insufficient funds.

Field Trip Funds Estimated cost of a child's participation in his/her class trips, both off campus and "reverse field trips," where guests visit the classroom or connect virtually.	\$60/student
